Step 1: Stitch right sides together leaving a 2cm opening at the centre of each end as marked.

Step 2: Using one of the open ends to pull the scarf completely through and iron flat.

Step 3: Sew two stitch lines parallel, 2cm apart down the centre of the scarf lengthways, right to the ends. This creates a channel for the cord to sit in.

Step 4: Feed the cord through these two stitch lines between the two fabric pieces. Leaving the same amount of cord length hanging outside either side of the main piece
